Hello! This is the first newsletter about the Film and Video Collection at Decker Library. The purpose is to keep you informed on what we have to offer. Below is a list of new titles added to the collection within the past three months (the amount of time I've been in this position). I plan on sending out updates monthly, so subsequent updates might not be as lengthy.

The scope of the collection is shifting to compete less with major streaming sites. Keep in mind you can always recommend a purchase. One last thing: Decker offers two streaming service sites: Films On Demand and Alexander Street Press Art and Architecture in Video. Thanks!
